

# Ricky Nelson, Nighttime Lady

Nighttime lady, stay with me tonight  
Hold me close girl  
'Til we see the morning light  
Nighttime lady, hold your head up high  
Lay down beside me, it's alright

Nighttime lady, you're my only friend  
Reassure me, love me if you can  
Nighttime lady, girl I need you so  
Take me with you now, before you go

Nighttime lady, honey hair of gold  
Warm my body in the cradle of your soul  
Nighttime lady, girl I love you so  
Take me with you now, before you go

Nighttime lady, artist of the night  
Paint your pictures, of faceless beds of white  
Nighttime lady, sad eyed girl of mine  
When the morning comes, we'll let it shine
