

# Ricky Nelson, One Of These Mornings

Well one of these morning's I'm gonna rise an' shine  
And get a one way ticket, I'm gonna leave behind  
All of my troubles and misery  
I'm gonna find me a gal that's gonna love me, oh yeah

I wanna be their soon  
Making love to some sweet gal by the light of the moon  
If you wanna go with me, then you better be packed  
Leavin' one of these mornings, on a one way track

There'll be singin' and dancin' and sweet romancin'  
Huggin' and a kissin', that's what I've been missin'  
From my baby who found someone new  
I done told my gal what I'm gonna do

I'm gonna leave on a one way track  
Yes one of these mornings and I can't comin' back  
Come along and go with me, but you can't be late  
'Cause one of these mornings that train won't wait
