

# Ricky Nelson, Stop By My Window

You can find the street I live on  
Just take a walk on a sunny day  
Pass a house where the window's shinin'  
Listen well and you'll hear me say  
Come on in

Stop by my window  
Keep knockin' at my door  
Stop by my window  
And you'll here me say  
It's a perfect day  
So why don't you stay with me

You can find the love I'm feeling  
It's for the girl who will walk my way  
Here I am got a funny feeling  
I can tell you'll be here today  
And you will

Stop by my window  
Keep knockin' at my door  
Stop by my window  
And you'll here me say  
It's a perfect day  
So why don't you stay with me

What a day for window shopping  
You're the girl at my window stopping  
I can tell, soon you'll be dropping around  
And I can be found  
If you'll just

Stop by my window  
Keep knockin' at my door  
Stop by my window  
Keep knockin' at my door  
Stop by my window  
Keep knockin' at my door
