

# Ricky Nelson, They're Gonna Love It

(Burt Bacharach - Hal David)

If you're in the mood for something different and new  
There's a pants suit we have on sale and it's just made for you  
- Oh no, what will the neighbors say?  
Don't worry lady, they're gonna love it

There's a miniskirt that hardly covers your thighs  
If you just pull your tummy in I'm sure it's just your size  
- Oh no, what will my husband say?  
Don't worry lady, he's gonna love it

I know just what to do  
And before I'm through  
You'll be dressed right in fashion  
- Do me a favor, don't do me favors please  
I won't expose any part of you but your knees  
It isn't very hard to become a Mod  
All you need is passion  
- I've got passion to get rid of you  
We have furs for fun in orange, purple and red  
There's a wig on a mannikin that should be on your head  
- Oh no, not even if it's free  
Don't worry lady  
- Oh please, people will laugh at me  
Don't worry lady, they're gonna love it  
They're gonna love it
