

# Ricky Nelson, Tryin' To Get To You

I've been travelin' over mountains  
Even through the valley's too  
I've been travelin' night and day  
Runnin' all the way  
Baby tryin' to get to you

Ever since I read your letters  
Where you said you loved me true  
I've been travelin' night and day  
Runnin' all the way  
Baby tryin' to get to you

When I read your lovin' letters  
Then my heart began to sing  
There were many miles between us  
But they didn't mean a thing

I just had to reach you baby  
'Spite of all that I've been through  
I kept travelin' night and day  
Runnin' all the way  
Baby tryin' to get to you

When I read your lovin' letters  
Then my heart began to sing  
There were many miles between us  
But they didn't mean a thing

I just had to reach you baby  
'Spite of all that I've been through  
I kept travelin' night and day  
Runnin' all the way  
Baby tryin' to get to you

I kept travelin' night and day  
Runnin' all the way  
Baby tryin' to get to you
