

# Ricky Nelson, You're My One And Only Love

You're my one and only love  
I've loved you from the start  
My one and only love  
I've given you my heart  
And though we're worlds apart  
You're all I'm thinkin' of  
My one and only love

Though you don't know I'm alive  
I still can hope and pray  
The time will soon arrive  
And on that lucky day  
You'd smile at me and say  
My one and only love

-instrumental break-

Though you don't know I'm alive  
I still can hope and pray  
The time will soon arrive  
And on that lucky day  
You'd smile at me and say  
My one and only love

My one and only love  
My one and only love
