

# Ricky Nelson, Young World

Well, I thought I was over you & that my heart was free  
I felt like those old memories had finally let me be  
So I picked up the phone to call a girl that I once knew  
But when she said hi, well girl, you know I wished that it was you

CHORUS:

Somethin' in my heart sure makes it hard to love again  
Somethin' 'bout the way you broke it just won't seem to mend, no  
Somethin' in my mind tells me your memory has no end  
Somethin' in my heart sure makes it hard to love again  
(instrumental, same pattern as verses)

Verse 2:

Seems like only yesterday you promised you'd be mine  
And I sure thought I heard you say "until the end of time"  
Well, I guess I was wrong to think your love for me was true  
So here I am all brokenhearted, all because of you

(chorus)

Somethin' in my heart sure makes it hard to love again
