

Ricky Skaggs, Waitin' For The Sun To Shine

Oh, I've been standin' underneath this dark old cloud,
Just waitin' for the sun to shine.
Waitin' for the sun to shine in my heart again.
Oh, I've been standin' underneath this dark old cloud, now,
Waitin' for the sun to shine,
Waitin' for the sun to shine in my heart again.

Oh, I've been throwin' a lot of good love away,
Just waitin' for the sun to shine.
Waitin' for the sun to shine in my heart again.
Oh, I've been throwin' a lot of good love away,
Just waitin' for the sun to shine.
Waitin' for the sun to shine in my heart again.

Oh, I'm just waitin' for the sun to shine. (Waitin' for the sun to shine.)
Waitin' for the sun to shine.
I know it will be some time.
I'm just waitin' for the sun to shine.

I've been standin' underneath this dark old cloud,
Just waitin' for the sun to shine.
Waitin' for the sun to shine in my heart again.
Oh, I've been throwin' a lot of good love away,
Just waitin' for the sun to shine.
Waitin' for the sun to shine in my heart again.

Waitin' for the sun to shine. (Waitin' for the sun to shine.)
In my heart again.

Waitin' for the sun to shine. (Waitin' for the sun to shine.)
