

Ricky Van Shelton, Complicated

Throw up a quarter and I'll call it heads she loves me tails she loves me not
I keep her picture in my wallet I guess I miss her a little more than I thought
And it's complicated underrated this is so much more than I am anticipated
It's heart related it's complicated

Am I flyin' am I sinkin' does it feel good or does it hurt
I'd like to tell her what I'm thinkin' right now I just can't find the words
And it's complicated...

[dobro - harmonica]

We're walking hand in hand on Sunday and havin' it out on Sunday night
We might be making up come Monday and love is never black and white
And it's complicated...
It's complicated.....
