

Riddlin Kids, Here We Go Again

Well another bad day's gone by
Another day of being angry
Never known a person who can spend so much time
Being mad at me
And I didn't mean to get here late
My car ran out of gas
and Then an airplane crashed into the road
And I had to save the people

Didn't think you'd get so mad
But here we go, here we go again

Your face cramps and you make a frown
And you make a whiny sound
Then it won't be long till I get knocked down, well oh no here we go again
well oh-no here we go again
And I know you didn't get your way
Now I guess you wanna fight all day
Better watch out what I say
Well don't look now cause here we go again

I'm glad that you calmed down
Never thought I'd ever see you smile
After your head spun round
And you spit all that green stuff out on me
No I can't go to the mall
That really sucks you know how much
I like to wait while you change
Again and again and again and again and again

Didn't mean to let you down
But here we go, here we go again

Your face cramps and you make a frown
And you make a whiny sound
And it won't be long till we both hit ground zero
Well oh-no here we go again
And I know you didn't get your way
Now I guess you wanna fight all day
Better watch out what I say
Well don't look now cause here we go again

Well I'm really sorry that
I made you mad again
That doesn't really mean I'm sorry
Well it's really not my fault
That you're overreacting
Here we go, here we go

Your face cramps and you make a frown
And you make a whiny sound
And it won't be long till we both hit ground zero
Well oh-no here we go again
And I know you didn't get your way
So I guess you wanna fight all day
I better watch out what I say
Well don't look now cause here we go again

Your face cramps and you make a frown
And you make a whiny sound
And it won't be long till we both hit ground zero
Well oh-no here we go again
And I know you didn't get your way
So I guess you wanna fight all day

Better watch out what I say
Well don't look now cause here we go again

Don't look now cause here we go again
Don't look now cause here we go again
Don't look now cause here we go again
Don't look now cause here we go again
