&lt;/lyrics&gt;

In the blue, blue sky, I turn on the moon's light  
Sweetly, faintly heavy--captured by things like that

Without knowing I'm alone underneath this moonlight  
I called out only your name  
I've been searching for the future forever  
Inside this light...

I've got a feeling that fragile things are being moved far off  
By the power of always, always believing you'll be near me

Without knowing I'm alone underneath this moonlight  
I called out only your name  
I believed in quiet affection  
Inside this light...□

There's never a time when I don't think about you  
On nights where it's like I can't catch hold of anything  
There isn't a day I don't think about it  
May my hesitating heart reach you

Call out my name underneath this moonlight  
I promise I'll go see you, no matter where  
To your side.

Without blinking once in this moonlight  
You quietly gazed at me  
I've been searching for the future with you  
Inside this light...
