doko ni mo nai kara umaranai sono sekima ni  
Tokyo in the wintertime, as I walk on by  
Hear the lights like a lullaby  
itsuka wa me ni mieru no darou  
Count the colors, and colors beware

I so wanted to be in your heart  
I so wanted to be in your heart  
But you wanted her and me on my own  
You dont know that it left another hole

Sashisa wa rinai shigusa de fujiyuu no nai sekai e  
Tokyo in the summertime, and night time blues  
Go take some break but dont tell me what to do  
mitsukatte wakare ba Soon youll want more,  
Count the colors, and colors beware

I so wanted to be in your heart  
I so wanted to be in your heart  
But you wanted her and me on my own  
yukue sae dare ni wakarun?

Dont run into summertime, its just nostalgia  
Dont run to summertime, its the just the radio  
The surface could be sweet but poisonous inside

sappari to ii hanatta kedo yappari kotoba ni dekinai  
You will never know the answer why  
Itsuka wa me ni mieru no darou  
Count the colors, and colors beware

I so wanted to be in your heart  
I so wanted to be in your heart  
But you wanted her and me on my own  
You dont know that it left another hole

I so wanted to be in your heart  
I so wanted to be in your heart  
But you wanted her and me on my own  
You dont know that it left another hole
