## Right Said Fred, A Love For All Seasons

There's no truth in the rumour That's all I want to say There's no room for manoevre Make sure that it stays A love for all seasons

October was a drag Damn it all You and I were fools

Overcast and sad Winter blues Allowing us to cool

When it's grey I know all I want to do Resort to make-believe

There's no truth in the rumour That's all I want to say There's no room for manoevre Make sure that it stays

A love for all seasons

January comes Steely blue Nothing seems to rhyme With all the noise of spring Passion wakes Cos' we hear summertime

When it's grey I know all I want to do Resort to make-believe

There's no truth in the rumour That's all I want to say There's no room for manoevre so Make sure that it stays

A love for all seasons...

October comes around As it does But this time we're prepared You and I can go To love land There's a sunset to be shared

When it's grey I know all I want to do Resort to make-believe...

There's no truth in the rumour That's all I want to say There's no room for manoevre So Make sure that it stays

There's no truth in the rumour That's all I want to say There's no room for manoevre So Make sure that it stays
