

Rightless, You're The One

Yeah, you're the one for me, oh, oh
You're the one for me!

Mental hurt before I thought I will never taste a new brace
It's been so hard to learn to trust
I'm so afraid, was so afraid!

Thought to give it up, thought I had enough
Hard safe in a box, safe behind a lock!
Hard, I've given love, cause it hurts so much
Hard safe in a box, safe behind a lock!

You're the one for me,
Baby you're the key
Turn up, burn me up
Come on, burn me up!

I've been scared to let someone get too close to me
To frighten me, oh, oh
Man, you came along one night
And you promised me you'll set me free!

Thought to give it up, thought I had enough
Hard safe in a box, safe behind a lock!
Hard, I've given love, cause it hurts so much
Hard safe in a box, safe behind a lock!

You're the one for me,
Baby you're the key
Turn up, burn me up
Come on, burn me up!

I was ready to give up on happy
I give up on love and me
You came to spin the love around me,
Break the chains and set me free!

You're the one for me,
Baby you're the key
Turn up, burn me up
Come on, burn me up!
