

Rikets, Anything For The Devil

She's on the back of the bus again
I wonder what she did to get here.
Was she lost in the way that she cauterized.
Face it. (Anything for the devil.)
Your pain. (Anything for the devil x3)
(Chorus:)
When she told me (told me)
I'd do anything (for the devil)
Just to have you bare my name through this life of sin
(FOR THE DEVIL!!!!)
Still strung out from the night before
Oh, how I had you (anything for the devil)
In my arms (Anything...for the devil)
Will you wake up a liar and a cutter?!?! (anything for the devil)
(Chorus x2)
Everything you do
Everything they do
Everything we do is
For the Devil!! Everything!!
You're on your knees again for the parol of your soul!!!!!!
(Chorus)
