

Rilo Kiley, The Moneymaker

You've got the money maker
You've got the money maker
This is your chance to make it
Out out out oh yeah
You'll get out out out oh yeah

You've got the money maker
They showed the money to you
You showed them what you can do
Showed them your money
Make you get out out out oh yeah
You'll get out out out oh yeah

You are the money maker
She is yours for the taking
You know you wanna make her
Show her your money maker
She says out out out hell yeah
She says out out out yeah
You get out out out oh yeah
You get out out out oh yeah

And it's in my hands
I will if you want me to

She says out out out hell yeah
She says out out out yeah
You get out out out oh yeah
You get out out out oh yeah
