

RIMON, I Choose U (feat. Rini)

There's nothing sweeter than the sea side
Violet skies and a beach ride
Squint my eyes cause the suns bright
Would you come and see the seaside
There's nothing deeper than your brown eyes
I get to drown in during high tide
Don't you feel like a peace sign
Floating during Woodstock 69

If I could pick and choose
In this life or the next yeah
I'd choose you
A million candles in my room
Wax burns forever, if lit by two

Sip on that Pina Colada
He got that bucket hat Prada
Rhythms by Carlos Santana
Run it up run it up run it up
He said he gon bring me to Ghana
Blissful like we've reached Nirvana
Return back to earth, see Bahamas
Live it up live it up live it up

I'll Come meet you by the seaside
Know You're the one I desire
I don't wanna be so far from ya
(No more)
Wanna keep you in my point of view
(Ah ah ah)
Your Sun kissed body
Like honey
Pouring on me
Your Love...
(Your Love Your Love)
Can't compare it
What I'm feelin...
Just take me all the way
Past the new horizon
You're all I see
Me
You
Us together

If I could pick and choose
In this life or the next yeah
I'd choose you
A million candles in my room
Wax burns forever, if lit by two

Hope we can dip in the ocean (In the after life)
Hope they got brighter colors (In the after life)
Long as we got each other (In the after life)
Even
(In the after, after life)
Wax burns forever
