

Rina Sawayama, LUCID

I been lucid dreaming just to see u
I been taking all this medicine
Are you real or a hallucination
I got to know

Coz

Hey girl
You are
What i've been looking for
Hey girl
You are
What i've been looking for

Don't need a stranger in the dark
Don't need nobody on my arms
Got my
Imagination running wild
It's all that i can do

Lucid dreams
