

Ringo Starr, Don't Know A Thing About Love

start swinging!

we can take a walk on the moon,
make it snow in the heat of June.
it's amazing what we can do.

you can see the sights of Rome,
shop in Paris and jet back home.
got our dreams in flight.
we've come so far think we're doing all right.

but we don't know a thing about love,
no, not much,
we don't know a thing about love, (know a thing about)
don't know a thing about it.

Ev'rybody needs someone,
a little love when the day is done.
but it ain't easy, it's hard to do.

there's no right and there's no wrong,
we don't need science to get along.
it takes a woman and a man
it's all there to understand.

but we don't know a thing about love,
no, not much,
we don't know a thing about love, (know a thing about)
don't know a thing about it.

there ain't nothing we can't do,
the future's up to me and you.
got our dreams in flight.
we've come so far but it's still not right.

'cause we don't know a thing about love, (ah -)
no, not much,
we don't know a thing about love, (know a thing about)
don't know a thing about it.

(ah -)

no, not much,
don't know a thing about love, (know a thing about)
don't know a thing about it.

(ah -)

no, not much,
we don't know a thing about love, (know a thing about)
don't know a thing about it.

"thanks guys!"
