

Ringside, Talk To Me

I've got a feeling
You've been so confused
There's something that you've been fighting
Deep inside you
I know you got some damage
I know what you've been through
But there's nothing I can't manage
I'm gonna take care of you

Talk to me

Oh, you seem a little nervous
Baby you ain't alone
But lady I'm at your service
So c'mon let me take you home
