

RINI, Red Lights

Driving with my windows down tonight on my way to you yeah
I'm rolling while I'm whippin in this ride, I'll be there real soon

She said don't rush, the night's still young oh we can take our time
I just hope that it's enough to make her mine

I just can't wait to get there
I'm catching red lights every time I stop I lose my patience
can I make you my lady now?

I want you in my arms now
Keep day dreaming of us dancing on the moon
Forget about everything for now
Focus on me and you

Her name a star
She lights my world like candles in the night
I just hope it last til morning sun rise

I just can't wait to get there
I'm catching red lights every time I stop I lose my patience
can I make you my lady now?

Look
What you gone say
what you gone do
What you really lose if she really really lose you
What you gone pay bet she going thru the whole bank account
that she got if she lose you
I don't trust woman it's the thug in me
Tell the best woman not to really fuck with me
Just lust for me, just mess with me
Just touch me and leave don't talk to me
I get lost in the moment I be gone in public
So close to the game gave Wall a bucket
Gave BEAL a ooh for my lil boo
Bel Aire in the fridge got the will to do it
Gotta real real low profile
Goyard mask know I still don't smile
Do it for the bag for I do it for a bow
Red lights on but it still won't stop
Gone, Folarin

I just can't wait to get there
I'm catching red lights every time I stop I lose my patience
there's only one thing on my mind
The way you make me feel yeah
is something that's so hard to find
this feeling drives me crazy
can I make you my lady now?
