

Riot 99, Decade On The Dole

Thank you very much for the money you gave me,
thank you very much for the beer that you bought me,
thank you very much for the drugs that you scored me,
thank you very much for all the dosh

It's been a decade now,
it's been a decade now,
a decade on the dole,
a decade, decade, decade on the dole

All the nights drunk in pubs,
all the fights, all the drugs,
all the years without work,
all the tears, what a lark.
