

Riot, Dream Away

a lasting memory
A thousand different dreams
I traveled over a golden rainbow
There's more I have to see
along country miles
find I need
sit so patiently
I ever find my lady
just a dream away
just a dream away
just a dream away
just a dream away
have all my boyhood memories
locked inside my dreams
Never knew this hard
really need
I'm standin' at the station
raincoat in my hand
lonely girls
headin' out to distant lands
just a dream away
just a dream away
just a dream away
just a dream away
