

# Riot, Running From The Law

the law  
something I did not do  
the truth  
catch me  
on the run  
Running through the hills  
no place to hide  
wind  
side  
destiny  
Running from the law,  
Reaching for the sky  
night  
running from the law  
the haze  
getting near  
won't give up the chase  
at my door  
running evermore  
Running from the law  
the sky  
never turn by back  
in the night  
the law  
Running from the law  
not due  
fighting for the truth  
destiny  
down on me  
running from the law  
the sky  
my back  
shadows in the night  
Running from the law.  
Running from the law.  
Running from the law.
