

Rip The Jacker, All Cultures (Omni3)

All cultures come from One Mind,
The Universe is not far behind, Waves, Bars and Rhymes,
Motivated by the Stars that shine,
Only lower density life forms get lost in time,
I don't care if I make history, I wanna be a part of INFINITY,
Look at what your SUN GOD did to me, 110
I am energy, I am He spiritually and mentally,
The fools who threw away my jewels offended me,
As we walk through the archived files of all styles,
The East Wing Isle goes on for 5 miles,
More rappers than fans, more vans wrapped than vans,
Hip Hop will continue to expand,
Poets should be rappers, rappers should be lyricists,
The current industry model collapse imminent,
This is Hollywood Hip Hop,
Celebrities adopt little snot nosed bugaboos from off the block, 120
Larry King Live, Earthquake right outside,
I looked that squarely shouldered man square in his eye,
Poetically Paralyzing, Where Are You? Are you hiding?
No! I am sandbag diving,
Do not evade question,
Please explain to your viewers how there are Space Weapons bigger than Zeppelins,
How is it so? Tell the people, they need to know,
And if you don't think so, you're a talk show hoe,
