

# Rise Against, Blood To Bleed

This place rings with echoes of  
Lives once lived but now are lost  
Time spent wondering about tomorrow  
I don't care if we lose it all tonight  
Up in flames, burning bright  
Warming the air of the world

I don't love you anymore is all I remember you telling me  
Never have I felt so cold  
But I've no more blood to bleed  
'Cause my heart has been draining into the sea

Steps, I take in your footsteps  
Aren't getting me closer to what is left  
Of the dreams of what I once claimed to know  
Within my bones this resonates  
Boiling blood will circulate  
Could you tell me again what you did this for?

I don't love you anymore is all I remember you telling me  
Never have I felt so cold  
But I've no more blood to bleed  
'Cause my heart has been draining into the sea

Still I wait  
With a hope inside of me (inside of me)  
So still (so still) I wait (I wait)  
Until again we meet  
Until again we meet

Within my bones this resonates  
Boiling blood will circulate  
Could you tell me again what you did this for?

I don't love you anymore is all I remember you telling me  
Never have I felt so cold  
But I've no more blood to bleed  
'Cause my heart has been draining into the sea

Still I wait  
With a hope (so still) inside of me (I wait)  
So still (a hope) I wait (inside of me)
