

# Rita Marley, There Will Always Be Music

Chorus :

There will always be music  
Oh yes there will always be a song  
There will always be music  
Oh yes there will always be a song

Ever since this here world began  
This music has been around with man  
Where happy people meet  
There&#039;ll always be a beat  
Where there is this sound  
You wait around  
There&#039;ll always be another song

Chorus :

Anywhere in this here world you go  
There&#039;s one language the people all do know  
Whenever church bells ring  
Where children play and sing  
In any little town you wait around  
There&#039;ll always be another song

Chorus :
