

# Rita Ora, Only Want You

No no no no  
All i wanted was you

I don't want another night of tryna find  
another you, another rock bottom  
I don't wanna wear another mini dress  
to impress a potential problem  
I don't wanna spend the night at someone's place  
to fill the space that you used to walk in  
I don't want another number in my phone  
someone to hold at 2 in the morning

I don't want somebody like you  
I only want you, I only want you,  
I don't want somebody brand new  
I only want you, I only want you,

Guess I had to leave /3x  
just to need, just to need you  
I don't want somebody like you  
I only want you, I only want you,

I know I am the one who ruined everything  
and made you think that it was all your fault  
and I know that sorry's only just a word  
and when it hurts, it isn't that simple  
but I know that if you look me in the eyes  
you can't deny that we're something different  
and I know I am going looking for your kiss  
on someone's lips yo know that I miss you

I don't want somebody like you  
I only want you, I only want you,  
I don't want somebody brand new  
I only want you, I only want you,

Guess I had to leave /3x  
just to need, just to need you  
I don't want somebody like you  
I only want you, I only want you,

I don't want another night of tryna find  
another you, another rock bottom  
I don't wanna wear another mini dress  
to impress a potential problem

I don't want somebody like you  
I only want you, I only want you,  
I don't want somebody brand new  
I only want you, I only want you,

Guess I had to leave /3x  
just to need, just to need you  
I don't want somebody like you  
I only want you, I only want you,
