

# Rites Of Spring, Theme (If I Started Crying)

Cruelty is the better part of your honesty  
And when you're so direct its just for yourself to protect  
And if I started crying, would you start crying?  
Now I started crying - why are you not crying?

Sometimes--when I--see a world inside  
Sometimes--when I--I try--I really try

And hope's just another rope to hang myself with  
To tie me down till something real comes around  
And if I started crying would you start crying?  
And if I started crying why are you not crying?
