

Rival Schools, The Switch

Another quarter mile, we can stop running
Must be on time
Holding the lost files
A drop off coming
Too soon for us
This is the switch
One day, one far from wee in now
Wel look back and laugh
If we make the checkpoint
All our worries will be gone for some time
A stolen suitcase full of your secrets
Soon will unwind
This is the switch
Play innocent, were innocent
Il wash my hands one day
One far from wee in now
Wel look back and laugh
Wel move to a foreign town
In Argentina, if youe down
No one will recognize us
Spending with our new disguises on
If only the switch would come
