

# River City Rebels, Gotta Get It

moving from side to side  
and all the kids in the pit are ready to ride  
we got the big city rockers coming in off the streets  
and all the small town youth are moving their feet  
do you think we ain't good enough?  
this generation ain't strong enough?  
our generation is standing up to you

[Chorus]

you gotta get it  
you won't regret it  
your heart is heavy but your dreams won't hold you down  
we're gonna make it  
i wont be jaded  
let's go tonight

striving to get ahead of the rest  
they got the attitude with the studded vest  
but when you're havin' the time of your life with a band  
it's easy to forget about the shit you can't stand  
do you think we ain't good enough?  
this generation ain't strong enough?  
our generation is standing up to you

[Repeat chorus]
