

River Road, Listen to Her Tears

(Stephony Smith/Terry Burns/Susan Longacre)

When She looks the other way
She doesn't want to say what's on her mind
Don't try to talk to her
Cause no words can heal the hurt she feels inside
To really know her
There's only one thing left to do
You've got to

Listen to her tears
Look inside her pain
Cause what she's tryin' to tell you
She could never explain
But it's written in her eyes
Streamin' down her face
All you gotta do is hold her near
And listen to her tears

When she looks back at you
Like somehow you got into her very soul
She's led you through the dark
To the part of her that no one's ever known
What she's feelin' inside
Just can't be contained
So

Listen to her tears
Look inside her pain
Cause what she's tryin' to tell you
She could never explain
But it's written in her eyes
Streamin' down her face
All you gotta do is hold her near
And listen to her tears

Tears never lie
They're too hard to to hide
So hear with your heart
When a woman cries
And

Listen to her tears
Look inside her pain
Cause what she's tryin' to tell you
She could never explain
But it's written in her eyes
Streamin' down her face
All you gotta do is hold her near
And listen to her tears
