

River Road, She Gets to Me

(J. Fred Knobloch/Billy Kirsch)

When the world gets too confusing
And all my dreams seem out of reach
Only questions, no solutions
And no way out that I can see
I stand there like a fool
Lost in need of rescue
When no one else can find a way

She gets to me
Everytime she gets to me
Lays her heart on the line
And helps me hold on
Til I find my way home
Her love is all i need
Oooh oooh oooh
She gets to me

Late at night I watch her sleeping
And think of how things used to be
I can't imagine life without her
She's become so much a part of me
When I need her most
She always seems to notice
When no one else can understand

She gets to me
Everytime she gets to me
Lays her heart on the line
And helps me hold on
Til I find my way home
Her love is all i need
Oooh oooh oooh
She gets to me
