

# Rivermaya, Lost

I look around  
There's no one i know  
I look around  
There's no one i know  
Well if going out  
To party tonight  
In this town where there's  
A whole lot of dim lights  
A-you may crash into  
Somebody who's lost  
Maybe that's me.  
I move around  
There's no one i know  
I move around  
There is no one i know  
And if you'll crash into this  
Party tonight  
In this town where there is  
Nothing but dim lights  
A-you may bump into somebody  
Who's lost  
maybe that's me.
