

Riverside, Story of My Dream

So i wrote a lyrics 10 years ago
But livin' in the past
the decade has gone
the world is upside down
and the rest is flattered by reptilians swords

the river is the same
even it you go against
stream of all denys
and the reality of trees
waiting, counting words
we getting used to us
so mybe i will try
To call it ... now!

I was enlight at first
Later, I was sad
Try to fade out by cized my head
Tears in the crowd
I was lost and found
After and before

the river is the same
even it you go against
stream of all denys
and the reality of trees
waiting, counting words
we getting used to us
so mybe i will try
To call it ... now!
