

Rivets, Marriage

I have a woman
I'm a man
Marriage is the story that I try to understand
Singles live together
Couples fight like fools
Just hope that this story doesn't work for me and you
A head in the future and a ring in the hand
We should get together to be kind again
Beauty is in the menu of my favorite type
If we get together the thing's gonna be alright
We should believe in our own hearts
It is just something that flies to me
The love is here forever
We're having fun for free
The indecision is in my mind
If you don't help me I'll get crazy
My love is here forever
Just believe in me
I'll tell you something
I'll get out of here
Go abroad to England for one year
The first time I follow my feelings
Forget the things
But you're the only one that I can't leave
