

# Rob Halford, Life In Black

(Halford)

Life in black  
You never were there for me  
No never at all  
You never took care of me  
You just watched me fall

Life in black  
Life in black

I placed all my faith in you  
I needed you here  
Christ knows what i've got to do  
To rid me of fear

Life in black  
Life in black

You took me for everything  
As long as I live  
While there's still one breath in you  
I'll never forgive
