

# Rob Mills, If I Could

If I Could Rob Mills

If I could paint  
I'd paint a portrait of you  
The sunlight in your eyes a masterpiece of truth  
And a single tear like a silent prayer  
That's shining so much brighter than a diamond ever dared  
If I could do anything at all, I'd do it for you

Chorus  
Darling can't you see  
What you mean to me  
Anything that I can do I'll do it for you  
And darling don't you know  
Just how far I'd go  
Anything that I can do, I'd do it for you

Sometimes I feel so second-rate  
Seems loving you was my greatest mistake  
I know I'm insecure  
And love don't keep score  
But I wish I could give you more

If I could play  
I'd play up a storm for you  
A raging sea of passion that you never knew  
Every whispered sound would touch your heart  
Maybe for a moment I could be your favourite star  
If I could do anything at all  
If I could, I'd give you more  
If I could do anything at all..I'd do it for you
