

Rob Zombie, 17 Year Locust

Electric black nite crash,
Hunger on your face,
Opium heat rash,
Suffocate this place,

Well I see the sun,
Burning in your eye,
I see the sun,
Call a suicide (Come on),

17 Year Locust
If not now when? (x4)

Tombstone eyes roam,
Up and down your skin,
Assasinate the mindframe,
Nothing left to win,

Well I see the sun,
Burning in your eye,
I see the sun,
Call a suicide (Come on),

17 Year Locust
If not now when? (x4)

Enchanted on the highway,
All the freaks collide,
One minute longer,
You start the slide,

Well, I ain't the one
Burning in your eye,
Well, I ain't the one,
Call a suicide (Come on),

17 Year Locust
If not now when? (x4)
