

Robben Ford, Up The Line

You used to love me
Said I was your one desire
You're actin' funny lately
Tryin' to drive my love away

Refro: I'm cuttin' out on you baby
And I'm movin' on up the line
'Cause if I stay another day
(It's) gonna drive me out of my mind

You took me away form home
When I was just a little child
You made all kind 'o' promises
It all was a line of jive

Refro

The train is at the station
And I'm all packed up to go
It ain't no use in worryin'

I won't be back no more

Refro
