Robben Ford, Up The Line

You used to love me Said I was your one desire You're actin' funny lately Tryin' to drive my love away

Refro: I'm cuttin' out on you baby And I'm movin' on up the line 'Cause if I stay another day (It's) gonna drive me out of my mind

You took me away form home When I was just a little child You made all kind 'o' promises It all was a line of jive

Refro

The train is at the station And I'm all packed up to go It ain't no use in worryin'

I won't be back no more
