

Robbie Rivera, Replay The Night

REPLAY THE NIGHT

Touching this place, will it bring me nearer you ?
Crossing the line, will it bring you nearer me?
Looking in your eyes, for a sign of life in me
Don't trust that smile
And all the things that it could mean

It's so easy, losing track of time
It's so easy, replay the night
It's so easy, losing track of time
It's so easy, replay the night

Watching the stars
Will it bring me nearer you?
Losing some sleep
If it brings you nearer me
Turn on the lights
In the darkness we can't see
Really the night
And all the things that it could be

It's so easy...
