

# Robbie Williams, Nobody Someday (Demo Version)

i'm a gigolo, i'm joseph, i'm a sad lad in song  
i'm everybody that i know  
and being known for being wrong

and if i'm not mistaken  
this is my heart breaking  
i'm the man that threw it all away

destiny is calling, telling me to be boring  
and i don't care anyway,  
gonna be nobody someday  
gonna be nobody someday

i'm the demon that you fear  
i'm the joker, i'm the thief  
i'm the lonesome cowboy ridin'  
i'm the indian chief

gotta watch my figure  
boy, if i get much bigger  
they'll stick a pin in me  
and i'll blow away

but i get richer  
while they take my picture  
taking my soul away  
gonna be nobody someday  
gonna be nobody someday

i'm a moonlight serenade  
i'm your bed when you are cold  
i'm the captain of Titanic  
i'm the passenger in the hall

from the way i'm thinking  
we'll both be sinking  
i knew before we sailed away

hit the tip of my eagle  
it's all you saw anyway  
gonna be nobody someday  
gonna be somebody  
gonna be somebody, la la la
