

Robbie Williams, Often

Often, I dont see it if Ive been wrong,
And boy have I been wrong
Often, I don't need it until it's gone,
But by then it's gone

Often, I make the worst decisions
Say that it's great and I know it isn't so
It's happening so....
Often

Often, I won't wake up from a dream,
You know I love to dream
Often, I dont stand up for what I believe,
There's nothing left to believe

So often, I make the worst decisions,
Say that it's great and I know it isn't so
it's happening so....often

I often wish that you were here,
I could know eventually

Do Doo Do Doo Do Doo Do
Yeah, Yeah

Often, I dont see it when I've been wrong,
And boy have I been wrong
Often, I don't need it until it's gone,
But by then it's gone

Often, I make the worst decisions
Say that it's great and I know it isn't so
It's happening so....
Often
