Robbie Williams, One Fine Day

I like to reminisce about a time I've never had A book that no one read A film that never made me sad And you remind of a place I've never been And something no one said When I was 17

One fine day
In the middle of the night
You'll wake up in it
One fine day
In the middle of the night
But you probably won't admit it

Remember when we never struggled through A bad time we never had A love we never fell into Please don't remind me to forget Cause forgiveness is a place I ain't got used to yet

One fine day
In the middle of the night
You'll wake up in it
One fine day
In the middle of the night
But you probably won't admit it

All I ever wanted Was to radiate your home But I guess it doesn't matter

So come reminisce about a time we didn't have I hear there's a sequel to that film that never made you sad Don't rewrite my history Cause you'll never really know How much you didn't mean to me

One fine day
In the middle of the night
You'll wake up in it
One fine day
In the middle of the night
But you probably won't admit it
