

# Robbie Williams, Sin Sin Sin

Don't let your eyes tell the brain  
You should feel ashamed  
Everyone needs it baby  
And I feel the same  
Didn't quite catch your name  
Hush, hush, hush  
Don't say a thing  
Let's see what the night will bring  
It might be everything

Oh it hurts  
When you're too blind to see  
Please don't read my mind  
I tell the truth to me

Sin sin sin  
Look where we've been  
And where we are tonight  
Hate the sin not the sinner  
I'm just after a glimmer  
Of love and life  
Deep inside

Hush hush hush  
To speak is a sin  
And neither of us  
Need rescuing  
Just relax  
It's what Jesus would do  
We're made in his image baby  
Let's ride this thing through

Oh it hurts  
When you're too blind to see  
What about us  
Well it was just for me

Sin sin sin  
Look where we've been  
And where we are tonight  
Hate the sin not the sinner  
I'm just after a glimmer  
Of love and life  
Deep inside

I won't sing of amore  
It don't sound sincere  
Love is a cliché  
But it fits not here  
I'll disappear

Sin sin sin  
Look where we've been  
And where we are tonight  
Hate the sin not the sinner  
I'm just after a glimmer  
Of love and life  
Deep inside  
Deep inside

It's love  
Clean sex joy  
I love you  
You love my hate

And it feels inside  
Feels inside  
Feels inside
