

# Robbie Williams, You Know Me

If a man could beat his own fancy  
That's only breed in captivity  
is pointless  
I've been doing what I like when I like how I like it's joyless  
Only you know me  
What a waste of all this peace,  
baby steps and two more sleeps  
Till I get to say sorry  
I get hysterical, historical; of love is just chemical  
Give us something to stop me  
Only you know me

Since you went away, my heart breaks everyday  
You don't know cos you're not there  
You simply found the words to make our model feelings fade away  
Only you know me  
I'm doin' fine  
And the sun often shines  
What are you thinking?  
At the worst of my mind  
With this thunderbird wine  
Baby, I'm drinking  
Only you know me

Since you went away, my heart breaks everyday  
You don't know cos you're not there  
You simply found the words to make our model feelings fade away  
Only you know me  
Only you know me

Since you went away, my heart breaks everyday  
You don't know cos you're not there  
You simply found the words to make our model feelings fade away  
Only you know me  
Only you know me  
Only you  
Only you  
Only you know me
