

Robert Calvert, Brave New World

Woman I love
Ain't much more than skin and bone
Woman I love
Ain't much more than skin and bone
If she ain't round the house
Out of the door, daddy no more
Woman I love
Ain't much more than skin and bone
Treat me right, oh no no, can't complain
Treat me right, oh no, can't complain
She got to be nice, she got me hypnotized
Treat me right, oh no, can't complain
