

# Robert Cray, I'm Just Lucky That Way

Well I cussed out my boss  
Huh, and got fired  
Then I hit the lottery  
And now I'm retired

The odds of that happening  
Slim to none  
But I wasn't surprised when I won

It happens everyday  
I'm just lucky that way

I'm not bragging  
Don't take it like that  
But good things just seem to fall in my lap

My good fortune  
I can not help

I'm just lucky  
In spite of myself

It happens everyday  
I'm just lucky that way

(Interesting guitar solo)

Friends and relations  
Knockin' on my door  
Not to mention folks  
I've never seen before

Got my phone number changed  
Had it taken  
Out of the book  
Still my phone keeps ringin'  
Off the hook

My luck's so good  
It's a crying shame  
I have to move up the country  
I have to change my name

It happens everyday  
I win when I play

I'm just lucky that way

Yeah

You know I win when I play  
I'm just lucky  
That way
