

Robert Cray, Survivor

Trouble all around me everywhere
There was a time when I didn't care
Life was a party
That's all we knew

Now I'm so glad
To be here today
Cause now everybody
Can stand up and say
That they are survivor
Survivor
Survivor
You've got to choose
If you wana be a survivor
Survivor
Survivor
Oh, yeah, you've got to choose

Some learn
Some doubt
Some meal
You know that
Some won't
And time wil tell
Turn around
Your life apeal
Your good old days
Were such a ways of time

You take a little schoolboy
And teach him who to hate
Then you
Send him to the dazard ?
For the oil nick or wait ?
You try to change the world back
You don't understand

Now I'm so glad
To be here today
Cause from now
Untill forever
And ever yeah
You be lucky if
You'll stand up and say
That you are survivor
Survivor
Survivor
You've got to choose
If you wana be a survivor
Oh, oh, oh
You've got to choose
If you wana be a survivor
You've got to choose

Oh, yes,
I'm so glad to be here today
I'm so glad
To be a survivor
Life turn around your life a hell
Can't change anything you don't understand
Hmmm, hmmm
You wana be glad
